

## Homework #1

Due, Wednesday, January 27

## Problem 1 (2 points)

Log into `napoleon` and use the program `passwd` to change your password. The DG/UX `passwd` program will require that your new password contain at least two alphabetic characters and at least one numeric character.

**Special compensation:** You do not need to change your password if you had a `dopey` account before last week.

## Problem 2 (5 points)

Create a new directory called `literature` in your home directory and use `vi` to write in `literature` a file `poem` containing some inspiring verse.

## Problem 3 (3 points)

Send Dean Brock and Chin-Ho Yeh some computer mail.

*Rules of engagement*

You don't have to turn in anything. We will look for the files and test the passwords ourselves.

You must do all the typing required to accomplish this assignment. Any other help is permitted.
